EAGLE TELEPHONE SYSTEM, INC.
CERTIFICATION OF CPNI FILING – FEBRUARY 6, 2006
EB-06-TC-060; EB DOCKET No. 06-36

I, Patrick Lattin, a duly authorized officer of Eagle Telephone System, Inc, (“Eagle”) hereby certify that I have personal knowledge that Eagle has established operating procedures that are adequate to ensure compliance with the rules of the Federal Communications Commission, codified at 47 C.F.R. Part 64, Subpart U, implementing Section 222 of the Communications Act of 1934, as amended.

Patrick Lattin
Chief Executive Officer
Eagle Telephone System, Inc.

**STATEMENT REGARDING OPERATING PROCEDURES
IMPLEMENTING 47 C.F.R. PART 64, SUBPART U
GOVERNING USE OF
CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI)
EFFECTIVE FEBRUARY 6, 2006**

The following statement explains how the operating procedures of Eagle Telephone System, Inc. ("Eagle") ensures its compliance with the Commission's CPNI rules, as codified at 47 C.F.R. Part 64, Subpart U.¹

Eagle does not presently use CPNI for marketing purposes and has not engaged in, and has no present plans to engage in, any marketing or cross marketing that would require customer approval, such as opt-in or opt-out approval, under Section 64.2005 of the Commission's rules, 47 C.F.R. § 64.2005. Accordingly, Eagle has no need to develop any procedures, and does not have any such procedures, at this time to ensure that such a marketing program would comply with those portions of 47 C.F.R. Part 64, Subpart U that address marketing or cross marketing. If, in the future, Eagle should determine that it will engage in any marketing or cross marketing not allowed by Section 64.2005 without customer approval, Eagle will develop and implement the appropriate operating procedures to ensure compliance with Subpart U.

Eagle's personnel are trained on the appropriate uses of CPNI, and Eagle has internal procedures in place to protect against the unauthorized disclosure of CPNI to third parties. Finally, all outbound marketing is done pursuant to supervisory review and approval.

¹ Eagle is both a local exchange carrier and a CMRS provider. Eagle currently serves approximately 500 landline customers and 800 CMRS customers in and around Richland, Oregon.
